History of Mobile Phones

Year	Phone	Features
1983	Motorola DynaTAC 8000X	Weighing over 1kg the phone had a white case and large bulky handset.
1989	Motorola MicroTAC 9800X	First phone to fit into your pocket, the mouth piece folded over the keypad in black plastic.
1993	IBM Simon	The first Smartphone with touch screen and email. I am now 20 years old.
1998	Nokia 8810	The slider style phone was the first phone to have an internal antenna.
2002	Sanyo SCP 5300	The phone has a clamshell design with camera and two screens.
2004	Motorola Razor	First camera phone with colour screen and compact flip open design.
2007	Apple iPhone	The phone has a touch screen and full colour display. It can access third party apps and the internet.
